

## Gulf Coast Classical Academy Admissions Process 727-490-9999

### 1. School Tour & Introduction Meeting

Attend an Open House or schedule a private tour. Meet with the Academic Coordinator to discuss the school's classical mission, Christian values, and family and student expectations.

### 2. Submit Required Documents

Submit application and application fee (online), report card from previous and current school year, attendance and behavior records, standardized test scores, and any other pertinent documentation (current and past IEP's, health records, etc). All supporting documents may be emailed to [kleone@gcclassical.org](mailto:kleone@gcclassical.org). Ask a teacher to submit the online student recommendation form.

### 3. Visitation & Assessment

Once all records and recommendations have been received, your child may be invited to shadow our school. During the visit, or perhaps at an alternate time, your child will also be assessed for math, reading, and writing readiness.

### 4. Admission Decision

After the admissions team has reviewed all documentation and assessment data, they will contact the family concerning the school's decision.

If our staff and teachers, you as parents, and your child all agree that GCCA is in fact the best place for your child to continue his/her education, we will then support you in our school's enrollment process. Parents will sign an enrollment contract and submit the required school registration fee.
